

Work with giants. Have lunch with little guys.

At ViaSat, one of our biggest goals is making sure our Engineers have fun on the job. That's why we've added full court basketball, beach volleyball and even foosball tournaments to our list of activities.

But the fun doesn't stop there. Our Engineers have the opportunity to work on a wide range of government and civilian projects. This variety provides the freedom to be more creative and helps them develop the ideas that have made us the leader in advancing broadband satellite technology.

If you're into setting new goals, or scoring them, shoot us your resume today. We are currently looking for:

- **Systems Engineers**
- **RF Engineers**
- **Embedded S/W Engineers**
- **Digital Design Engineers**
- **ASIC Engineers**

For immediate consideration, please email your resume to: viasat@rpc.webhire.com For a quicker response, please indicate source code: TS in your subject line. Or if you prefer, mail your resume to: ViaSat, Inc., 6155 El Camino Real, Carlsbad, CA 92009 or fax it to: 760-929-3920. And for more information about ViaSat, please visit our web site at: www.viasat.com EOE.
