

It was a real joy to see @rachlpolack / @rp.co_photo in her element this past week. Got to visit black's beach for an engagement photo sesh + a quick 30 hr pop-over to LA for one of her wedding shoots.

So believe me when I tell you- I'm qualified to write her story.

“Rachael Polack: A Biography”

This ARTISAN GOOD bursts with more life during her professional hours than most of us find in our leisure. A now finely-aged FERMENTED FRUIT JUICE, she earned her NOT-JUST-ANOTHER-GRAPE status with some goddamn discipline and drive, working two jobs for years; actually following her dreams—unlike all those other jokers, thereby transforming into the TALL DRINK OF WINE that we see today.
