

Dr. Morgan A. Straitz, DDS is a local dentist who was born and raised right here in central Ohio. She has *always* been passionate about helping others and giving back to her community. Raised in Brinkhaven, OH, Straitz found herself intrigued with the industry at an early age. While growing up watching her mother work as a dental assistant, she quickly became interested in the prospect of helping others around her. She has always wanted to come back home and serve her community and is excited to now offer this local and personalized service. In a continuing acknowledgment to her roots, Dr. Straitz attended Ohio State University for both her undergraduate (Bachelors of Science) and graduate (DDS) degrees. In her free time, she enjoys fitness, spending as much time as she can outdoors, and spending time with her husband and two puppies.
