# The Master Spas Difference

## CRAFTED FOR COMFORT. BUILT FOR YOUR BUSINESS.

At Master Spas, we believe water has the power to transform — not just how people feel, but how spaces function. Whether it's a hot tub for connection, a cold tub for recovery, or a swim spa for movement, our wellness products help elevate everyday living.

Founded in 1996, Master Spas is the world's largest swim spa manufacturer and a leader in the hot tub industry. Our products are proudly built in the USA with domestic and imported parts, by a team that's passionate about quality, innovation, and customer experience.

With premium components, thoughtful design, and dependable performance, Master Spas products are built to last and easy to own. And when you add one to your short-term rental property, you're not just adding an amenity. ***You're adding value.***

Whether you're just starting your short-term rental journey or focusing on your guest experience, Master Spas is a partner you can trust.

# The Master Advantage

THOUGHTFULLY DESIGNED. EFFORTLESSLY ADDED. ALWAYS APPRECIATED.

Short-term rental guests are looking for more than a place to sleep. They are seeking experiences. A Master Spas hot tub or cold tub can turn a great stay into a memorable one. It's the kind of amenity that attracts more bookings, earns five-star reviews, and keeps guests coming back.

But we also know it needs to work for you. With energy-efficient systems, intuitive controls, and low-maintenance water care, your wellness upgrade won't turn into another time-consuming task.

## LESS UPKEEP, MORE UPTIME

Our advanced filtration and water care systems help keep water clean and clear with less effort.

## RELIABLE PERFORMANCE

From components to craftsmanship, every Master Spa is built to perform reliably and backed by a warranty you can trust.

## DESIGNED TO WOW

Sleek designs and premium finishes elevate your listing, helping you book faster and earn more.

## SUPPORT YOU CAN COUNT ON

Master Spas has a dedicated customer service team based in Indiana, as well as a nationwide dealer network. That means you're never on your own.

“I asked my audience if they would rather have a hot tub or a sauna at a rental property. The results were overwhelming — 80% hot tub, 20% sauna. A lot of them even said a hot tub is the No. 1 thing they look for when booking a rental property.”
