

Vizit: Helping Leading Brands **Unlock** the Power of Their Visual Content

Start taking advantage of imagery that attracts and converts

93% of consumers say visuals are a major factor in a buying decision — yet until now, it's been impossible to understand, predict, and optimize what captures their attention and why.

Backed by award-winning visual AI, Vizit empowers brands and retailers to track, measure, and optimize the true business impact of their visual marketing and design content.

Key Features:

- Reveal the image and design trends that drive traffic, conversions, and sales in your category, as well as the visuals that resonate across different audiences.
- Uncover the products and listings best positioned for traffic and conversions, and leverage visual insights to gain a competitive advantage in the eyes of your target shoppers.
