

Introducing Ellie W.

Your Partner in Neurological Care

Ellie is a dedicated Registered Nurse with a Bachelor of Science in Nursing who started in the Emergency Room and now specializes in complex neurological conditions. Her clinical background includes compassionate care for individuals navigating complex neurological cases, with a heightened focus on patient education, empowerment, and long-term wellness with support and resources playing a key role.

"I believe in seeing the whole person, not just the diagnosis—because healing begins with connection, trust, and respect. Navigating neurological conditions can be overwhelming; my goal is to guide patients step by step with clarity, compassion, and consistent support." - **Ellie**

How Ellie Supports You:

- ✓ Educates on diagnoses and therapies
- ✓ Equips patients to ensure informed decision making
- ✓ Helps answer foundational questions with clinical expertise
- ✓ Offers emotional support throughout the care journey
- ✓ Links patients with appropriate community resources and support services
- ✓ Assists in streamlining communication with care team

Your care is personal and so is Ellie's support.

What is a RN Navigator?

An RN Navigator is a licensed registered nurse who specializes in guiding patients through their healthcare journey. RN Navigators have clinical training in educating on complicated medical topics and support patients in managing their neurological care. They offer a combination of clinical insight, logistical guidance, and emotional support.

A telehealth service is currently being offered for those who are newly diagnosed, feel they need a deeper understanding of their diagnosis, and/or need further resources including access to community groups, exercise programs, lifestyle management, etc.

FAQ:

When should I contact Ellie?

Ellie, RN can be contacted within operating hours at 404-351-0205 with a response time of 24-48 hours.

Do I need a referral to speak with Ellie?

No referral is needed for educational assistance. Clinical concerns are addressed by the primary nurse of your ANI provider. Ellie can assist with non-urgent questions/concerns.

Is there a cost to work Ellie?

No, this service is provided to support your care at no additional charge.

At Atlanta Neuroscience Institute, we're committed to delivering exceptional care with compassion and clarity. Our RN Navigator role reflects this commitment—offering patients personalized guidance, education, and support to ensure they feel informed, empowered, and cared for throughout their journey.
