

The legend of **The Sea Heart Necklace**

The **Sea Heart** is a glossy, heart-shaped seed which grows deep in the tropical rainforests across Africa and Central and South America and have long been regarded as a **good luck charm**.

It drifts down into rivers and into the open ocean where they eventually cross washing ashore on distant beaches *around the world*. It's an **extraordinary journey** that can take years - *carried purely by the ocean's currents*.

Symbolism and Meaning

Good Luck & Protection

Many cultures believed it brought **protection** on life's journeys ensuring safe travel and warding off any evil.

Love & Connection

Because the seed **resembles a heart**, it's often linked to love, **emotional healing** and **connection across distances** symbolizing unbreakable bonds.

Mystical Properties

Some cultures believed the seed had the power to **absorb negative energy** or **carry the souls' intentions** and was used in shamanic and spiritual practices.

Nature's Wonder

This **Sea Heart** is a true piece of the Earth's story. *No two are ever alike*. They have been **carefully cleaned, sanded, and polished** to reveal and protect its **natural beauty**
