

why do they love maine?

Tara: I love Maine because of the **people!** I have found an *open, loving, and supportive community* here that has truly made **Maine my home.**

Kat: The **people** here are *special!* So many folks here have a **deep care** for their *environments* and their *community members.* Maine is **crazy beautiful!** For most of my life I have lived **tucked between the mountains and the sea** and I really couldn't imagine it *any other way.*
