CAMPUS MOVIE FEST™

What can you make in a week?

Campus Movie Fest is the ONLY film festival in the world that gives you everything you need to make a movie in a week. In the age of COVID-19, we have transformed our festival into a 100% virtual experience where students can create and share their stories year-round. We provide guidance, tech support, and a one-of-a-kind live CMF Premiere—ALL FOR FREE—so the only thing you're worried about is making movie magic.
