¹Please visit our [Funding FAQ](#) for specific information regarding application cut-off and processing times, our disbursement options, and when loan funds may become available for your use. Generally, business days are classified as Monday through Friday, and loans are not processed on federal holidays or weekends. Same business-day funding may be available by wire transfer and direct deposit to select customers with valid accounts at qualifying banks. We do not charge a fee to disburse funds by wire and ACH, but your bank may assess a fee. Consult with your bank on their fee schedules and posting requirements.

Our loans are subject to terms and conditions. Not all applicants will qualify for a loan. To find out what states we lend in, please call 866-404-0674. Applicants must be able to satisfy [general eligibility requirements](#) for underwriting approval. Customers who have received a pre-approved offer or offer code must continue to be able to satisfy the preselection criteria as shown in their offer.

Applicants must authorize us to verify any information provided for identity and digital verification, underwriting, and credit reporting. Verification and reporting may be ongoing and may require us to obtain from and share information about you with consumer reporting agencies and other sources. For more information, including applying for a loan, you should read our [Privacy Policy](#), which governs our information sharing practices, our [Terms of Use](#), which governs your use of our website, and our [Mobile Application License Agreement](#) which governs your use of our mobile app.

Before you apply for a loan with us, you should first seek credit counseling or meet with a nonprofit financial counseling service in your community if you have credit difficulties as short-term, small-dollar loans are expensive forms of credit that should be used for short-term financial needs only, and not as a long-term financial solution.
