Subject: The risks are high – can you help?

Preview: Join the Safe Kids Convoy today!

Children in the foster care system spend their most formative years feeling abandoned and helpless. Many of those that do find forever homes suffer from long-term behavioral and mental health issues resulting from previous trauma, abuse, and neglect. The kids who reach adulthood without getting adopted face far more troubling fates. *Nearly half of them will be homeless during their life, and they will be six times more likely to abuse substances.*

FosterAdopt Connect works to combat these possibilities by helping foster children find permanent, loving families and setting those families up for success by offering them food, clothing, training, advocacy, and in-home behavioral intervention services. Support from donors like you makes this possible – thank you for helping keep kids safe!

There are many expenses required to keep our programs afloat and making an impact 365 days a year. **By joining our monthly giving program, the [Safe Kids Convoy](#), you can help ensure foster and adopted children find secure, supportive homes and caring families.**

Members of the Safe Kids Convoy are FosterAdopt Connect's most dedicated supporters, helping to cover the costs needed to operate our programs and provide stability to hurting and hopeless children – children like Spencer and Jason, two young boys at risk of aging out of foster care. [Read more about their story.](#)

**It costs \$45 to provide one child our services.** Giving as little as \$15 each month helps serve four children every year by offering them valuable services, committed advocates, and proper nurturing for a successful life.

You'll earn badges to indicate how many kids you've helped according to your cumulative amount donated. Your gifts, combined with those of other Safe Kids Convoy members, have the ability to shape the futures of vulnerable children in our community.

Support from Safe Kids Convoy members like you makes this possible – thank you for helping keep kids safe!

However, there is always more to be done. The more kids and families we serve, the more it costs to keep our programs afloat. **Would you consider upgrading your Safe Kids Convoy gift to \$XX?**

[Yes, I want to make an even greater impact!]

Your increased monthly gift will be put to use immediately, allowing us to reach an even greater number of hurting and hopeless children – children like Spencer and Jason, two young boys at risk of aging out of foster care. [Read more about their story.](#)

We are truly grateful for your membership in the Safe Kids Convoy. You're helping to ensure foster and adopted children find secure, supportive homes and caring families. **On behalf of the vulnerable children whose futures you help shape – thank you!**
