10/6/20	Get insights on geosynthetics solutions for mining infrastructure delivered to you. Subscribe to TCG Asia's GEOSYNTHETICS IN ACTION for MINING e-newsletter. Sign up now! https://bit.ly/32FrpO4	LinkedIn, Facebook, Twitter		https://remote.vehicledmedia.com/owncloud/index.php/s/mRkFmrP7oRbykDB		
10/7/20		LinkedIn, Facebook, Twitter				
10/8/20	Grab your copy of the 1st edition "Soft Clay Engineering and Ground Improvement". There's a chapter on "Basal High Strength Geotextiles for Ground Improvement of Soft Foundation Soils" by Chris Lawson. Check it out. https://bit.ly/2GikiDA	LinkedIn, Facebook, Twitter		https://remote.vehicledmedia.com/owncloud/index.php/s/M7Aej9nasZH35k		
10/9/20	Take a look at this recently completed project by Geotec Industrial Supply in Western Wyoming using Mirafi® H2Ri! These incredible shots show H2Ri being installed to mitigate soft subgrades and high groundwater in a private horse arena. Thank you for sharing!		Geotec Industrial Supply	https://www.linkedin.com/posts/geotec-industrial-supply-inc_geotec-industrial-supply-just-finished-this-activity-6719252606813839361-kHGv

10/12/20 AM	More than 6 years after the rehabilitation of the Austrian federal road B3 in Europe, the use of the asphalt-interlayer system TenCate Polyfelt® PGM-G was inspected and the result still speaks for itself- a smooth asphalt showing the necessary grip on the entire length of the rehabilitated section. Not a single crack could be observed!	LinkedIn, Facebook, Twitter		https://remote.vehicledmedia.com/owncloud/index.php/s/PoJG6PPXsmTyDDm https://remote.vehicledmedia.com/owncloud/index.php/s/sntK3ZD8QfVWz6cg		

10/12/20 PM	Don't miss your chance to register for our upcoming webinar led by Rene Laprade, Rich Sack, and Santino Piccoli, covering our "Geosynthetic and Miraspec Software Demo." The presentation begins this Thursday (10/15) at 1:00pm EST. PDH credits will be available so sign up today! https://bit.ly/2Ae9GTP	LinkedIn, Facebook, Twitter	Rene, Rich, Santino			
10/13/20	We have a lot to be thankful for in our organization but today, we are giving a special thanks to our Manufacturing and Customer Services departments. These groups dedicate their time to ensure our business stays up and running while also keeping orders flowing and our customers happy. Thank you for your commitment and hard work! #manufacturingappreciationweek #customerserviceappreciationweek	LinkedIn, Facebook, Twitter				
10/14/20	We're bringing you back to Davao City Coastal Road project in the Philippines, which won the IFAI International Achievement Award of Excellence in 2019 (https://bit.ly/337z1dM). The development continues with an elevated highway that has a 90 degree vertical slope on both sides. Here is a snapshot of the reinforced segmental block wall (https://bit.ly/3cC23VQ) with Miragrid® GX geogrids. Stay tuned for additional project updates!	LinkedIn, Facebook, Twitter		https://remote.vehiclemedia.com/owncloud/index.php/s/d4dLziMWdZYJKj		
10/15/20	Repost: A roll-off developed by our people for Polyfelt® asphalt armament. This roll-off is equipped with a hydraulic crane allows the rollers to be lifted fully in the right place without manpower. This way we keep our backs straight and we work according to the occupational health and safety regulations. Thank you for sharing Marco Hazenkamp! https://bit.ly/3iYphah	LinkedIn, Facebook, Twitter	Marco Hazenkamp	https://www.linkedin.com/posts/marco-hazenkamp-b36a2618_hoe-mooi-is-dit-een-deur-onze-mensen-zelf-ugcPost-6719298734527799296-5AKu		
10/16/20	We're bringing solid evidence to our next webinar: "Geosynthetic Stabilization Case Studies." Sign up to see how our Geosynthetic products are used to complete stabilization projects. Brought to you by Jim Golonski, Patti Chen, Eric Olsen, and JP Broissin, we get rolling at 1:00pm EST on October 22nd. https://bit.ly/2Ae9GTP	LinkedIn, Facebook, Twitter	Jim, Patti, Eric, JP

10/18/20						
10/19/20	Did you know that the first use of our plantable steep slope solution, TenCate Polyslope®, was in 1998 in Tyrol in Austria? TenCate Polyslope® S has fully integrated into nature!	LinkedIn, Facebook, Twitter		https://remote.vehiclemedia.com/owncloud/index.php/s/kMbRRGoYdSDQ4a3 https://remote.vehiclemedia.com/owncloud/index.php/s/xrkBeZrTCHpgpiP	 	

10/20/20	Interested to see Mirafi® H2Ri and RSi in action? Check out this month's featured case study. In 2016, our products helped keep the Canadian Pacific Railroad on track after excessive moisture and mud-pumping threatened the safety of the railway. https://bit.ly/3kQ86Je	LinkedIn, Facebook, Twitter				
10/21/20	We want to do our part to protect the environment, which is why we installed TenCate Geotube® Silt Curtain systems to contain sediments from polluting our seas during dredging. These silt curtains in Bintulu, East Malaysia are custom designed and manufactured specifically to project requirements. Contact our representatives in Asia for more details. https://bit.ly/3cEyDXp	LinkedIn, Facebook, Twitter		https://remote.vehiclemedia.com/owncloud/index.php/s/ZmRSPRdmzxePmtr		
10/22/20	Our three professional manufacturing facilities in Europe allow TenCate Geosynthetics to quickly respond to any standard or special demand. Herald Hagedoorn, Plant Manager, Netherlands in Europe offers us insights into our production site in Hengelo. Stay tuned: Further news from our production site in France will follow!	LinkedIn, Facebook, Twitter		https://remote.vehiclemedia.com/owncloud/index.php/s/fwbdZA2maTKZbNZ		
10/23/20	Take a look at this incredible project footage from Joosten Kunststoffen BV using our Geolon® HMi-5! For more details, check out their Case Study: https://lnkd.in/gtwSCFV	LinkedIn		https://www.linkedin.com/posts/joosten-kunststoffen-bv_bouwweg-aanleggen-zonder-grondverbetering-activity-6724205921863630848-Sulg

10/25/20						
10/26/20	No two projects are the same. Mirafi® RSi comes in several different roll sizes to fit the unique specifications of your project. See how our product is as unique and diverse as your business: https://bit.ly/31rELyI	LinkedIn, Facebook, Twitter				
10/27/20	New Release: We are excited to launch the release of our new and updated version of Reinforced Soil Case Studies booklet. Reinforced soil applications are continually evolving, bringing forth innovative and value-engineered solutions. The selection of case studies give an appreciation to the diverse range of reinforced soil applications where TenCate reinforcement geosynthetics have been used around the globe. https://bit.ly/33a6DJ3	LinkedIn, Facebook		https://remote.vehiclemedia.com/owncloud/index.php/s/rnYFiiJxa4xazFi		

10/28/20	From masks to socks, our Customer Service Representatives not only support our customers, but they also support each other! See our dedicated group of ladies (some of whom are breast cancer survivors themselves) dressed in pink to show solidarity in the fight against breast cancer.	LinkedIn, Facebook, Twitter			(customer service picture- Meghan sent to Tracy)	
10/29/20	The facts are in and Geotube® dewatering technology is one of the most effective solutions available for mine sites. Read more about Dewatering Mining Waste using TenCate Geotube® Technology - Case Studies From Around the Globe here: https://bit.ly/3jBFd3c	LinkedIn, Facebook, Twitter		https://remote.vehiclemedia.com/owncloud/index.php/s/RctfRiniZxaNQ9Y		
10/30/20	November 5th at 1:000pm, Ashley MacMillan, Kate Vitale, Jake Pope and Dustin Taylor will host our next webinar: "Case Studies 2. Geosynthetics in Energy." Sign up and get an inside look at how Mirafi RS380i and RS580i provide solutions for diverse energy projects. https://bit.ly/2Ae9GTP	LinkedIn, Facebook, Twitter	Ashley, Kate, Jake, Dustin			
10/31/20						
11/6/20	We love Flashback Fridays, especially when we are can watch demonstrations like our Stand on Sand video! Don't bury your head in the sand- check it out! https://youtu.be/wBs2ArTvgU	LinkedIn, Facebook, Twitter				
11/10/20	We understand that returning to business-as-usual is different for everyone. Our online representatives remain at the ready to help your business remotely. Simply visit our website and click the phone icon to chat with online support. Find us here: https://www.tencategeo.us/en-us/	LinkedIn, Facebook, Twitter
