[SFX: in the style of a L'Oreal advert]

Man:

Weak, dull wife? Difficult to manage? Fly away? Finally, a solution that works. Put the control back in your relationship with intimidation and violence! Here's the sciencey bit...

When I make her feel like she deserves it, she gets scared and won't leave me.

Woman:

When he's finished, I feel full of life and it lasts for weeks!

Man:

But I'm making her say that!

Woman:

Intimidation and violence: because you're worthless.
