## Get Started Now

## The Simple, Powerful CRM Roofers Have Been Waiting For

### Take Control of Every Job, Every Crew, and Every Detail

Everything in one system.

Pricing that makes sense.

No bloated features.

Learn it in under an hour.

## RoofIT for Less

**\$349/Month**

**+\$30/User After 3 Users**

Your whole team can work efficiently without blowing up your budget.

### Test Drive RoofIT Free

We give you 60 days free because you need real time to see how RoofIT fits your workflow.

### Onboarding and Support Included

Switching from another CRM or spreadsheets? We set up your system and train your team.

### Easy From Day One

RoofIT is built for roofers, not tech experts. You'll be up and running before the next job starts.

**RoofIT** ties everything together with customizable workflows. Stay organized and never lose track of what's next.

#### Lead

Capture every lead and schedule inspections fast.

#### Estimate

Build accurate estimates with photos, measurements, and material pricing.

#### Contract

Send professional proposals and get quick homeowner sign-offs.

#### Construction

Schedule crews, order materials, and track progress.

#### Invoice

Create invoices in seconds, accept payments digitally, and sync everything.

#### Reporting

See exactly how your business is performing with real-time insights.

## RoofIT Together

RoofIT keeps your workflow connected with seamless integrations:

Everything that roofers need.  
**Nothing that they don't.**
