

A FAVORITE MONTHLY TRADITION
ROOTED IN GOOD WINE & GOOD COMPANY

Wine Wednesdays is our once-a-month wine tasting series, hosted outdoors in the garden at Fox Point Farms. Created for both curious sippers and seasoned wine lovers, this gathering is an invitation to slow down midweek, discover something new, and connect over a shared glass.

Each month, Jordyn, our Event Sales Manager, and Kendra, our Harvest Market Manager, work alongside the sommeliers on property to thoughtfully curate a new tasting experience. A lot of care goes into selecting four wines, pairing light bites from Harvest Market, and creating an evening that feels fresh, approachable, and fun each time you join us—giving you the chance to discover something you may not have reached for on your own. After the tasting, you'll have the opportunity to purchase your favorites with an exclusive 10% discount.

Come solo, bring a friend, or make Wine Wednesday your standing monthly date. Sip, linger, learn, & enjoy an easy evening in the garden.

WE SELECT, YOU ENJOY

Each month, our in-house sommelier hand selects two bottles to discover - expressive, thoughtfully chosen wines meant to be savored over a slow weeknight or brought out to impress friends. The focus is on small producers, organic and biodynamic growers, and regions worth exploring. Every edition includes notes on what we chose and why it matters, inviting you into the story behind each bottle. Pickup takes place at Fox Point Farms in Encinitas, and is a moment to step onto the land, walk the fields just a mile from the coast, and carry something home with you.

This club is intentionally limited, we hope you'll join us.
